

## MUNDOCLIMA HEAT PUMP 80LTRS

- Built-in contact PV input
- Stainless steel water inlet/outlet
- Copper condenser

Nominal Capacity	80ltr
Power given / consumed	1/0.27 KW
COP	3.7
Min-Max. Consumption	1.2-6.4 A
Voltage	230V -I-50 Hz
Air flow rate	240 m <sup>3</sup> /h
Sound Level	45 db(A)
Dimensions (DxH)	520 / 1 215 mm
Weight (net / package)	69/77 KG
Refrigerant type / load	R134a / 0.8
Hydraulic connections	1/2 inch
Test pressure	10 bar
Max. working pressure bar	7 bar
Water inlet . outlet temperature	60 °C
Air inlet connection diameter	150 mm
Max. ducts length	6 m
Support resistance	1.5 kW
Interior treatment	Vitrified
